# How Do I Get There?

Information to Gather

Points to Consider

Actions to Take

# How do I Get There?

Get your child to be responsible for their own plan

Which courses / qualifications do you think will lead you to this job?

Are there any prerequisites / minimum entry requirements to apply to these courses?

What steps can you take to work towards your goal?

How can you better prepare yourself for this course / job?

What are the possible ways/admissions to get to your course?

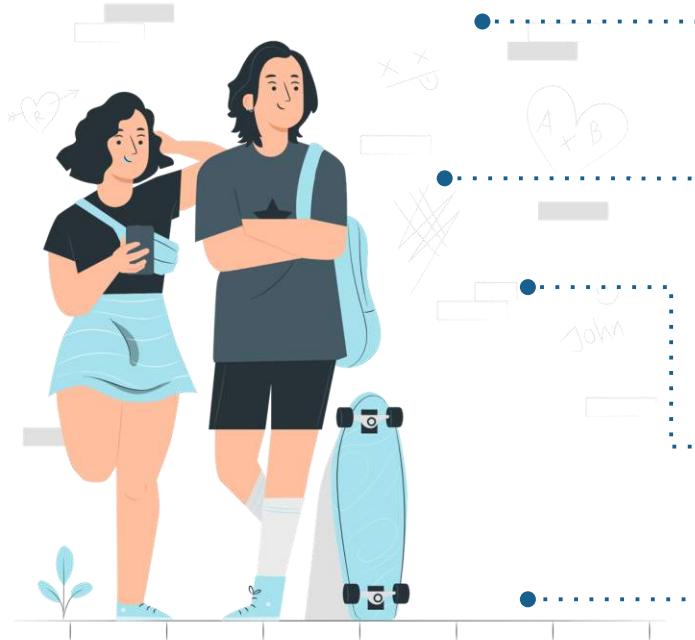

Discuss with your child like they are adults

What 'game plan'/plan do you have in mind to work towards this course/career?

Are there ways you can experience what the job is like?

Are there practical constraints you may face?  
Eg. colour appreciation deficiency?

Have regular and genuine conversation with your child

Familiarize yourself with your child's personality and learning style

Provide opportunities for your child to grow

Show love and support which helps your child grow in confidence

# Supporting our Child's Aspirations

As parents, we all want what is best for our children...

Within our own families,  
we can all spend a bit more time listening to our  
children's thoughts and feelings.

Let us walk alongside them as they grow and  
handle their new challenges.
