Social Work

School of Information Technology Diplomas

Common ICT Programme
Business & Financial Technology
Applied AI & Analytics
Cybersecurity & Digital Forensics
Information Technology

Additional Industry-Recognised Certification

All students will graduate with at least one additional industry-certification.

Enhance industry relevance and post-graduation career prospects for NYP students, giving them a competitive edge in today's dynamic job market.

GCE O Level Computing

- Pass the GCE O-Level Computing subject
- Enrol in any diploma in NYP's SIT
- Apply for exemption from a foundational module in your 1st Year
- This credit exemption allows students to save **60 curriculum hours** over the semester
- Pursue professional certifications, participate in competitions, or work on projects with mentoring by industry veterans.

Overseas Trips

A week to a month overseas – ASEAN, China, India, and beyond.

Overseas Education & Learning Programme
Gain valuable industry insights and witness innovation in action through these short-term trips. You'll gain a deeper understanding of these up-and-coming regions and establish meaningful and valuable connections.

Overseas Student Exchange & Internship Programmes
Study at an international higher learning institution while earning credits that will be transferred to your diploma at NYP. Gain hands-on experience in your field of study, apply classroom knowledge to real-world scenarios, and build a strong foundation for your future career.

Overseas Student Development Programme
Compete in areas such as sports and culture, learning expeditions, community service projects, and leadership camps. Contribute to meaningful causes through opportunities like the Youth Expedition Programme – and make a tangible difference in the lives of others.

Overseas Innovation & Sustainability Programme
Join forces with students from around the world to tackle real-world challenges. You'll collaborate with regional partners to drive innovation and sustainability. Expand your global network, identify opportunities, and make a tangible impact on local industries.

Our School of Business Management's **Overseas Student Exchange Programme (OSEP)** even offers the opportunity for you to spend a semester at one of our 68 partner universities across 23 countries!
